

SPOOKY LUMINARY

Materials

- Jar
- Black cardstock
- Pictures to trace or print out and cut out silhouettes
- Ruler
- Scissors
- White tissue paper
- Cotton ball
- White glue
- DIY Mod Podge
- Cup of water for rinsing
- Art paint brush
- Battery powered tea light or string of LED lights
- Paper towels or old newspaper

Cut out silhouettes

1. Trace and cut out shapes on black cardstock
2. Position and glue to inside of jar

Decorate outside

3. Tear up white tissue paper into small pieces
4. Using art brush and DIY Mod Podge affix pieces of tissue paper to outside overlapping the pieces
5. Unroll cotton ball and stretch out
6. Affix to jar with DIY Mod Podge to mimic cobwebs

Light up the jar

7. Put electric tea light inside of jar
8. Dim indoor lights to enjoy
