

PROJECT LEARNING TREE

IN SOUTH CAROLINA

Project Learning Tree® (PLT) is an award winning environmental education program designed for teachers and other educators, parents and community leaders working with youth from preschool through grade 12. PLT is a program of the Sustainable Forestry Initiative Inc. It is one of the most widely used environmental education programs in the United States and abroad, and continues to set the standard for environmental education excellence. Project Learning Tree's multi-disciplinary, hands-on lessons for all grade levels make teaching and learning fun!

In South Carolina, Project Learning Tree is jointly sponsored by the SC Forestry Commission, SC Forestry Foundation and the SC Department of Education. SC PLT offers in-person and virtual professional development events for educators in which they can receive hour-for-hour renewal credits through the SC Department of Education or SC Endeavors. Our interactive trainings are customized for specific grades levels, topics and teaching situations.

Contact SC PLT

To set up a training for your district, school or group, please contact the SC PLT State Coordinator.
